4.	Since 19 July, the Soviet leave trains operating between Frankfurt/Oder and Frest-Litovsk have been pulled by type 52 locomotives operated by German personnel. Three Ol type locomotives previously employed on this line have been returned as no longer usable and parked in Frankfurt/Oder. The necessary repair work cannot be preformed for the time being, because the raterial required for this repair work had been transferred to Brest-Litovsk. 3
5.	Since 18 June, the leave trains from Frankfurt/Oder to Brest-Litovak lave been almost empty, but have operated regular. The locomotives were operated by Soviet personnel, but other train personnel exclusively consisted of Germans, contrary to last year, when only Polish personnel was used for operations through Foland.
6.	In the first half of July, eight locomotives, which had undergone general overhauling, were dispatched toward Brest-Litowsky
7.	
	in late June, there were delays in the turning over of trains to the
	Polish railroad authorities. These delays were explained by the fact that the Polish border station was jammed and could not accept any trains.  There were damages on the Frankfurt/Oder - Brest Literal Time in Poland.
	Polish railward authorities. These delays were explained by the fact that the Polish border station was jammed and could not accept any trains.  There were damages on the Frankfurt/Oder - Brest in touch the polish border.
2.	Polish railward authorities. These delays were explained by the fact inather Polish border station was jammed and could not accept any trains.  There were damages on the Frankfurt/Oder - Brest Literal Time in Poland.  Comment.  Sabotage acts had been conditived against the railroad bridge in Frankfurt/Oder between 6 and 10 July 1993.  These sabotage acts had allegedly necessitated the rerouting of Soviet
2.	Polish railword authorities. These delays were explained by the fact inather Polish border station was jammed and could not accept any trains.  There were damages on the Frankfurt/Oder - Brest-Literal Time in Poland.  Comment.  Sabotage acts had been con damed against the railroad tridge in Frankfurt/Oder between 6 and 10 July 1933. These sabotage acts had allegedly necessitated the rerouting of Soviet transit traffic through Poland or caused a derangement of this traffic.  Except for minor divergencies, the times of arrival and departure agric with the official Soviet timetable for transit traffic through Poland, which tent into effect on 18 Pay 1952.  It clear that the second leave train, which previously operated only three times a week.
